

BUILDING BRIDGES TO THE PROFESSORiate (BB2P) OUTCOMES

MARCH 2023

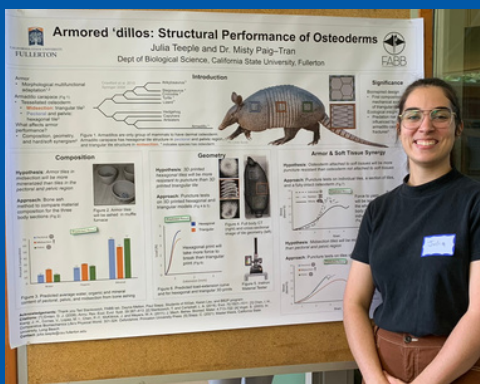

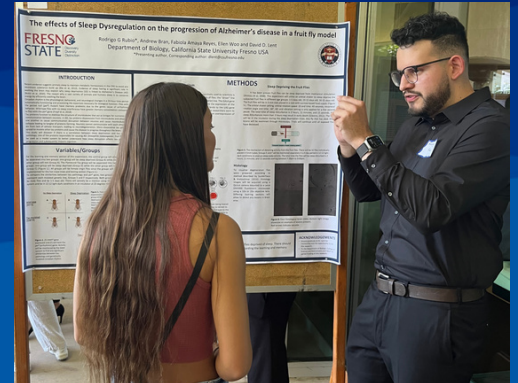

The University of California Office of the President (UCOP) announced the award of BB2P.

MAY 2023

Cal State leads from Fullerton and Fresno generated application materials and circulated an announcement for Track 2 (Enhancing Existing Research) to prospective students.

JUNE 2023

Faculty committee selected five candidates (three from Fullerton, two from Fresno), balancing Master's and Undergraduate students and different fields of research. BB2P Scholars were paired with UCR faculty mentors as well as CUSP Near-Peer mentors. We hosted a kick-off orientation via Zoom for BB2P Scholars, faculty mentors, and CUSP Near-Peer mentors.

JULY 2023

BB2P Scholars continued their research in their Cal State labs. UCR Team coordinated with the UCR Mentoring Summer Research Internship Program (MSRIP) to have the BB2P join about 60 other students to present their posters at the annual MSRIP Symposium. In addition, BB2P Scholars attended workshops on graduate school readiness.

AUGUST 2023

BB2P scholars spent two days at UC Riverside, exploring the campus and research facilities. Their trip ended with BB2P Scholars presenting their research at the 2023 MSRIP Symposium on August 18th.
